

# We're going on a scavenger hunt - at home

Cross out each item when you find them around your home. Do you know what they all have in common? They are all made from trees! How many things in your home are made from trees?

<p>Timber Chair</p> 	<p>Timber Table</p> 	<p>Book</p> 	<p>Cricket Bat</p> 
<p>Paper</p> 	<p>Kitchen Cupboard</p> 	<p>Pencil</p> 	<p>Timber Fence</p> 
<p>Timber Floor</p> 	<p>Wooden Spoon</p> 	<p>Door</p> 	<p>Board Game</p> 
<p>Cardboard Box</p> 	<p>Paddle Pop Stick</p> 	<p>Guitar</p> 	<p>Jigsaw Puzzle</p> 

Choosing timber is good for our environment. Trees clean our air by taking in carbon dioxide as they grow, storing it inside and then releasing oxygen into the air for us to breathe. In Australia, we get lots of our timber from tree farms known as plantations. Every tree used from a plantation, is replaced with a new tree.

The more timber we use, the more trees we grow and the cleaner our air is so make it wood.
